**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-8 are allowed.

***Examiner's Statement of Reason for allowance***

2. The following is a statement of reasons for the indication of allowable subject matter:
3. The prior art of record, *King* (US 5704045) teaches a method of accepting risk transfer and diversification including means to assure with assurance of timely payment and segregation of interests of capital. *King* further discloses finding creditor protection in the form of third party investors, or reinsurers in the event a company suffers a loss. *King* discloses a system of segregated reserve accounts through which third party investors receive compensation for accepting risk (col. 3, lines 20-31). The compensation is matched with the equity or debt sourced by investors, sufficient to pay a total loss on the maximum risk (col. 3, lines 20-31).  
*Munoz* (US 20020198822) is cited for teaching automotive financial products such as vehicle leases and loans (para. 0020, 0022, 0036, 0050-0051 and figure 5).  
*Rebane* (US 6078904) is cited for teaching a return of confidence interval of 99% (ninety-nine percentage) (col. 14, line 41 through col. 16, line 39, figures 7-9).  
*King*, *Munoz* and *Rebane* fail to teach a method for assessing an automotive finance company's equity adequacy comprising: quantifying the company's sources of creditor protection wherein the sources comprise equity, reserves and net deferred tax liability in the event of an overall loss.

For this reason, claim 1 is deemed to be allowable over prior art of record and claims 2-8 are allowed by dependency.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reason for Allowance".
